To whom it may concern,

It is my immense pleasure to recommend one of my best students, Mauricio Payetta, to take a position at your company. I came to know him in the first semester of 2010 while teaching in his Information Retrieval class. Both in class and office hours he had gave me a strong impression. During the course of the studies, his grades were excellent, efficiently and effectively completing the assignments I gave him.

In 2011, Mauricio contacted me asking to be his undergraduate thesis advisor, position I accepted given his excellent performance in the previous course. He worked on recommending connections on social networks, specially on Twitter, obtaining interesting results. At all times I have found Mauricio to be proactive, hard-working and conscientious. He was always open to new ideas and willing to improve his work.

I would like to appreciate you most favorite considerations to him. If there is any question regarding to his reference, please feel free to contact me at any time.

Sincerely,

Dr. Marcelo G. Armentano
