

To Whom It May Concern:

This letter is my personal recommendation for Mauricio Payetta. Until August 2011, I have been Mauricio's supervisor for one year and two months. I found him to be consistently pleasant, tackling all assignments with dedication and a smile.

Besides being a nice person to work with, Mauricio is a take-charge person who is able to present creative ideas and communicate the benefits. He has successfully developed several units of software for our company that have resulted in a great client acceptance. He started with us as a junior developer and during his tenure, we saw that his skills grew a lot taking him to a level comparable with a semi-senior developer.

Mauricio was responsible for the correct design, implementation and testing of numerous software units for different projects inside our company. He has excellent communication skills and, in addition, he is extremely organized and reliable. He has also very high skills in teamwork and is able to follow through to ensure that the job gets done. He is also flexible and can adapt easily to work on any project assigned to him.

I highly recommend Mauricio for employment. He is a team player and would make a great asset to any organization.

Sincerely,

Gustavo Traficante
